

Crypton's family of performance fabrics.

Committed to providing the best textile solutions, Crypton enables you to design beautiful, innovative spaces that stand the test of time (and tough environments) every time.

And, with a chemistry and philosophy focused on performance and sustainability, we're here to make certain we don't leave a mark.

We protect sofas, chairs, walls and our planet.

We promise to protect and defend against stains, spills, odors.

Crypton: The cornerstone of our company, Crypton revolutionized contract design. Its performance is permanent, customized and guaranteed, with 14+ patents to ensure it. Crypton not only meets/exceeds all contract standards, it set most of them with a game-changing integrated moisture barrier, unique disinfectability and 5-year warranty. No compromises – hand, design or performance.

Nanotex: Nanotex, powered by Crypton, provides freedom, form and function with superior spill and stain resistance. Specify the performance you need on the fabrics you want for lasting beauty.

The perfect spec.

Revl: Designed to perform under the toughest of conditions, Revl is extremely durable, easy to clean and odor-resistant vinyl. Stands up to repeated cleanings and disinfectants, remaining forever beautiful.

Crypton Wall: Stain, moisture and odor-resistance for your walls. Meeting all flammability codes, Crypton Wall is your true vertical solution.

Leather powered by Crypton: The first and only stain, spill and odor-resistant leather. Luxurious leathers are now practical for high-use settings.

GREENGUARD Gold Certified* means Crypton products aren't just smart. They're caring. *Excludes leather

**No worries.
No limits.**

Every need. Every surface.

IMO: The ultimate performance fabric for the high seas. Extreme stain & spill performance and soft, beautiful maritime textile solutions. Crypton IMO allows for absolute confidence and design freedom – on land or sea. IMO/MED certified.

C-Zero: Unparalleled fluorine-free stain-resistance performance technology from Crypton. Award-winning, C-Zero offers superior resistance and repellency to water-based stains. Moisture barrier and odor resistance optional.

**Live boldly.
Design freely.**
