

| Crypton Home           | e Technical Specifications   | Crypton<br>Home |
|------------------------|--|-----------------|
| Fabric Types           | Flat Woven   |                 |
|                        | Knits  | •               |
|                        | Textured (i.e. chenilles, velours, boucle', etc.)                    | •               |
|                        | Prints   | •               |
| Fiber Types            | Synthetics (i.e. polyester, nylon, polypropylene, acrylic, etc.)     |                 |
|                        | Natural (i.e. cotton, wool, etc.)                                    | •               |
| Aesthetics             | Soft hand and little or no color change                              |                 |
| Repellency             | Oil Drop (AATCC 118, 6 out of 6 max)                                 |                 |
|                        | Water / IPA Drop (6 out of 6 max)                                    |                 |
|                        | Spray Rating (AATCC 22, 80-100 of 100 max)                           | •               |
| Cleanability           | Stain Release (AATCC 130 various stains, 4-5 out of 5)               |                 |
| (out of 5 max)         | Durable to cleaning with variety of cleaners                         | •               |
| Flammability           | CALTB 117, NFPA 260, UFAC  |                 |
| Physical<br>Properties | Enhanced Abrasion Resistance (increased double rubs)                 | •               |
| Silver Ion             | Resistance to Bacterial Growth                                       |                 |
| Odor Resistance        | Uses Silver Ion Technology; does not utilize leaching antimicrobials | •               |
| Environmental          | Third-party GREENGUARD Gold Certified                                |                 |
|                        | Third-Party SCS Validation of Kings Mountain plant to NSF 336        |                 |
|                        | No Halogenated Flame Retardants (i.e. PBDEs)                         |                 |
|                        | Free of potentially harmful levels of PFOS, PFOA, formaldehyde,      |                 |
|                        | heavy metals, phenols, phthalates, odor, and skin sensitizers        |                 |
|                        | Can be recycled  | •               |
